I have special communication needs.

See the back of this card for some ways of communicating with me.

I am Hard of Hearing

My failure to cooperate only means that I'm not hearing or understanding what you say.

I have a hearing loss

- I speak normally, and I don't use sign language.
- First try to eliminate the background sound.
- Face me and get my attention before you speak, I read lips.
- I can understand only one voice at a time, or one sound.
- Speak with moderate speed and good clarity.
- If I don't get it the 2nd time, use other words.
- To show me is better than to tell me, use gestures.
- If all else fails, write it down.
